

AffiCHEM® dNTP Mix (PCR Grade) 10 mM each

Catalog No.	Specification	Storage/Shelf life
AFG-EEM-0003	1 mL	-20°C/1 year
AFG-EEM-0003	0.1 mL	-20°C/1 year

Introductoin

This product has undergone rigorous quality testing with a purity of over 99% and does not contain RNase and DNase. dNTPs Mix is an equimolar mixture of dATP, dGTP, dCTP and dTTP. When used as a substrate for PCR reaction, it can be diluted to a suitable concentration with sterile ultrapure water.
